President of the District Board,

Mysore district

To

C S Balasundaram Iyer, Esquire, B A.

Officiating Secretary to the Government of
H H the Maharaja of Mysore,
General & Revenue Departments,
Bangalore

Sir,

I have the honor to submit, herewith, for information
No: 2361 dated the 16th January 1908 Copies of the marginally noted two dockets addressed by the
Sanitary Commissioner to the District Medical and Sanitary
No: 2313 dated the 17th January 1908 Officer of Mysore and received in this Office for having —
transmitted to the Amildars of the Taluks concerned. In

Despatched

Received

General No. 4664.
No

Enclosure No 2

Reporting on the direct
Correspondence between
the Health Department
and the Municipalities
of the District—

2 In the first of the two letters, the Sanitary Commissioner has asked the District Medical and Sanitary Officer, to take steps for the sinking of wells at Ranipuram — who on his turn has asked the Taluk Amildar to make necessary provision in the Budget on this account.

3 In the second letter, the Sanitary Commissioner — has asked the District Medical Officer to make arrangements for the evacuation of the village of Ramasamudram in the Dharmapuram Taluk where plague has broken out. The District Medical Officer has forwarded this — docket also to the Taluk Amildar, for early steps being — adopted.

4. I have issued necessary instructions to the — Taluk Amildars concerned on both the above subjects.

5 I take this opportunity to bring to the notice of Government the objectionable practice of the Officers of the Health Department addressing the Amildars and giving instructions to them direct on matters connected with —

with the Sanitation. without in the first instance,—
Consulting the President of the District and Municipal
Boards, who is the only Officer competent to issue —
executive orders to his subordinates in all matters —
connected with the administration of Municipal and
Local Funds. As Head of the District Administration
and as President of the District and Municipal Boards
I am responsible for the introduction and the carrying
out of all Sanitary measures that may be suggested
by the Health Department. The funds necessary for these
works are under the control of the respective Boards
whose opinion should also be obtained before any —
expenditure is incurred therefrom. The Government
have passed elaborate Regulations and Rules constituting
Municipal and District Boards and defining their duties
and powers. Any measure to be introduced has to go
through all the formalities prescribed by the Regulation
and the Rules framed thereunder. The action now taken

taken and which is now brought to notice seems to
ignore the existence of District and Municipal —
Boards. I therefore take exception to this procedure
and request Government that a rule may be —
laid down that in all matters connected with —
Sanitation, the Sanitary Commissioner should —
address the President of the District and Municipal
Boards as the case may be and not to address the —
District Medical and Sanitary Officer who has no
executive powers under the Municipal and Local
Boards Regulation

I have the honor to be

Sir,

Your most obedient servant

W. Muthuswamy

No 2261.

This memo. No 238 dated the 4th Sept last, forwarding letter No 164 of the 31st August 1907, from the S.A., in charge of the Kanjangode L.F. Preliminary re the outbreak of cholera in the Town during the years 1906-07, and stating that all available funds should be spent on wells of good potable

wider, with a view to prevent the recurrence of the epidemic.

Referring to the above, has the honor to request the District Medical and Sanitary officers to be so good as to take steps for the early sinking of the necessary numbers of wells. These should be concreted and provided with pumps. If tube wells could be put down they may be preferred, as they would be cheaper.
